**MEETWHEELS**

The future of car personalization – Your vehicle in 3D

## **About MEETWHEELS**

*meetwheels is a revolutionary app launched in 2025, offering car enthusiasts an entirely new way to showcase their vehicles in the digital world. The platform not only provides 3D models of cars but also fosters a dynamic community where users can share, rate, and present their vehicles on social networks.*

*Based in Regensburg, meetwheels follows a global strategy, targeting car fans, designers, and brands looking to shape the digital future of vehicle personalization.*

# Features of the meetwheels Platform

## 3D Modeling:

Transform your car into a precise 3D model in just a few steps.

## Augmented Reality (AR):

View your car in the real world – no additional app required!

## Virtual Garage:

Store and share your vehicle collection with others.

## Global Community:

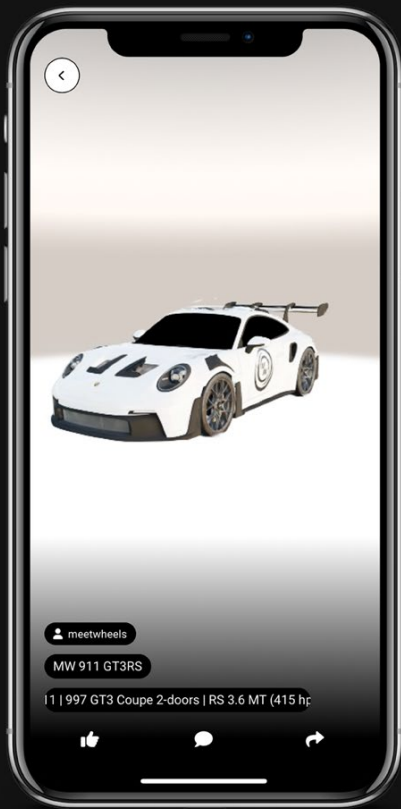

Discover cars from around the world and share your thoughts.

## Social Media:

Create and share stunning videos and images on Instagram, TikTok, and

## Create a digital twin

Create a digital twin of your vehicle with our app—perfect for social media and web!

## Fill up your garage

Fill your garage with vehicles and share them with anyone. No app is needed to visit your garage!

## Edit your BIO page

Customize your bio page to match your style and easily integrate it into your social media profiles.

## Post your car

Get feedback and props from the community.
